## National Day of Action against Bullying 2019 Bouncing back from online bullying Strategies for building digital resilience

Join us in our virtual classroom!  
Greg Gebhart from the Office of the eSafety Commissioner will present a 40-minute presentation exploring digital resilience skills, including building supportive peer relationships and ways to balance time online, as well as identifying helpful resources.

We would like to extend an invitation to our families to join the teachers and students in this student focused session designed to empower them to build personal skills to help recover from negative online experiences.

Unfortunately due to copyright we cannot video or livestream this session.
