

Cambridge Park Public School

Exceptional learning opportunities for all

I would like to thank our community for your continued support and understanding as we returned to full time face to face teaching this week. Each morning our staff and myself have enjoyed welcoming our students as they start their learning journey for the day. We appreciate your co-operation as you collect your family each afternoon from 2:45pm.

This week our students engaged in the 20th year of National Simultaneous Storytime. Our students enjoyed a colourful, vibrant, fun experience that aimed to promote the value of reading and literacy, using an Australian children's book that explored age-appropriate themes, and addressed key learning areas of the National Curriculum.

Our Aboriginal team developed units of work that supports our students understanding of National Reconciliation Week- In this Together. Our students learnt that National Reconciliation week is a time for all Australians to learn about our shared histories, cultures, and achievements, and to explore how each of us can contribute to achieving reconciliation in Australia.

Please email our school (cambridgpk-p.school@det.nsw.edu.au) should you have any further questions or concerns.

Once again, I thank you for your understanding and support during this time. Our school will continue to communicate with our families via DoJo, Facebook and our School Star App.

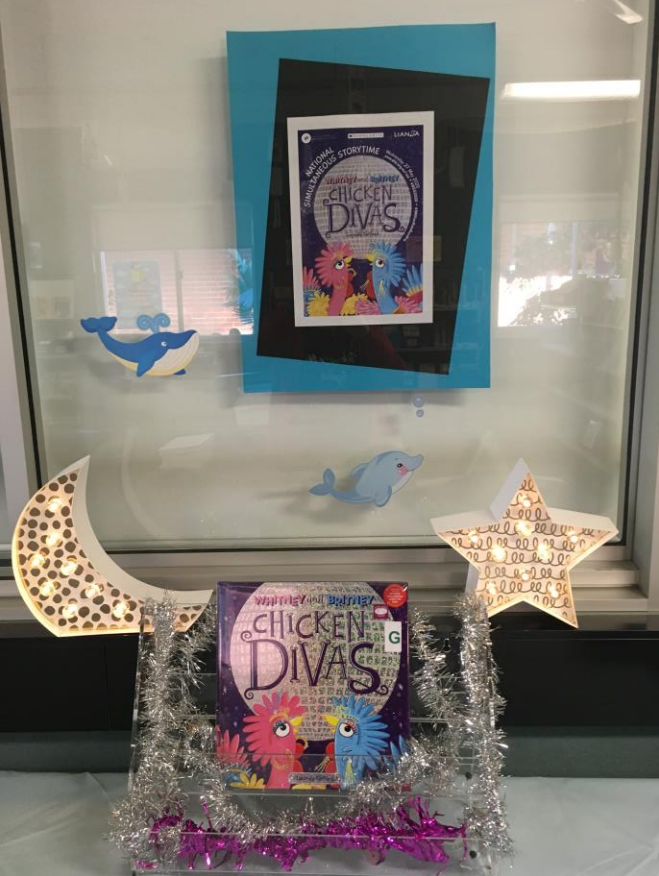

Please enjoy some photo's of learning this week across our school.

I wish you and your family good health.

Kind Regards
Katrina Berwick
Principal Cambridge Park Public School

National
Simultaneous
Storytime

Our Preschool students have enjoyed being back this week and have had lots of opportunities to explore and build on our friendships. The weather hasn't been great for us but it has given us plenty of opportunities to engage in our indoor environments.

Anaphylaxis and Us

As mentioned in previous newsletters we have several children and staff members at our school who are anaphylactic. If you are sending food to school to be shared with other children eg: birthday cakes or cakes for sale, please be very careful to read the ingredients and ensure that they do not contain peanuts, tree nuts and nut products. Some of our children are also allergic to eggs and milk.

Please also send in the packet ingredients so that we can check them for ourselves.

Other ways to support us to keep everyone safe are:

1. Talk to your children about allergies and how serious they can be for some people so they must not ever share their food with other children. Its not mean to not share food its keeping people safe.
2. Discuss how important it is to wash hands before and after eating so that food allergens don't get transferred onto other people or their food.

Thank you for working with us to keep our children safe.

For your convenience when your child is absent from school please complete the note below and return to your child's teacher
